

# ONE SPOT FOR MANY CHOICES

Light Star is an elite Corian and Compact pioneering company with an outstanding approach and over 25 years of experience.

# COMPANY PROFILE 2023

# ABOUT US

Light Star is a top-notch leading company in Egypt since 1998 that provides all Corian and Compact work, from importing and installation to maintenance, with eminent approach and **25 years of experience in the field.**

We offer superior quality of materials, highly skilled engineers and designers, and the most contemporary designs and colors of Corian and Compact that fit each taste and requirements.

Our integrated bespoke services and products are presented by an extraordinary team of experts and comprise all units, kitchens, basins, counters, tables, and surface styles that are required for restaurants, hotels, banks, boats, offices and houses.

# OUR HISTORY

In 1998, a unique initiative was taken by Eng. Emad Louis that led to the establishment of a leading Egyptian brand name in the Corian and Compact industries, “Light Star”. Throughout the past 25 years, we have expanded and developed to reach superiority by providing high-quality Corian and Compact services to our clients, starting from startups to well-known brand names and places.

**We started in 1998** in a quite small spot, then we kept moving forward and supplied our clients with the best quality of Corian and Compact materials and designs in the Egyptian market, which helped us gain the trust of more than 10,000 clients inside Egypt.

Now, we have relocated to a well-equipped and magnificent place that matches our great brand name and the expansion of our services and products to meet all our customers’ needs and requirements and maintain our superiority and uniqueness.

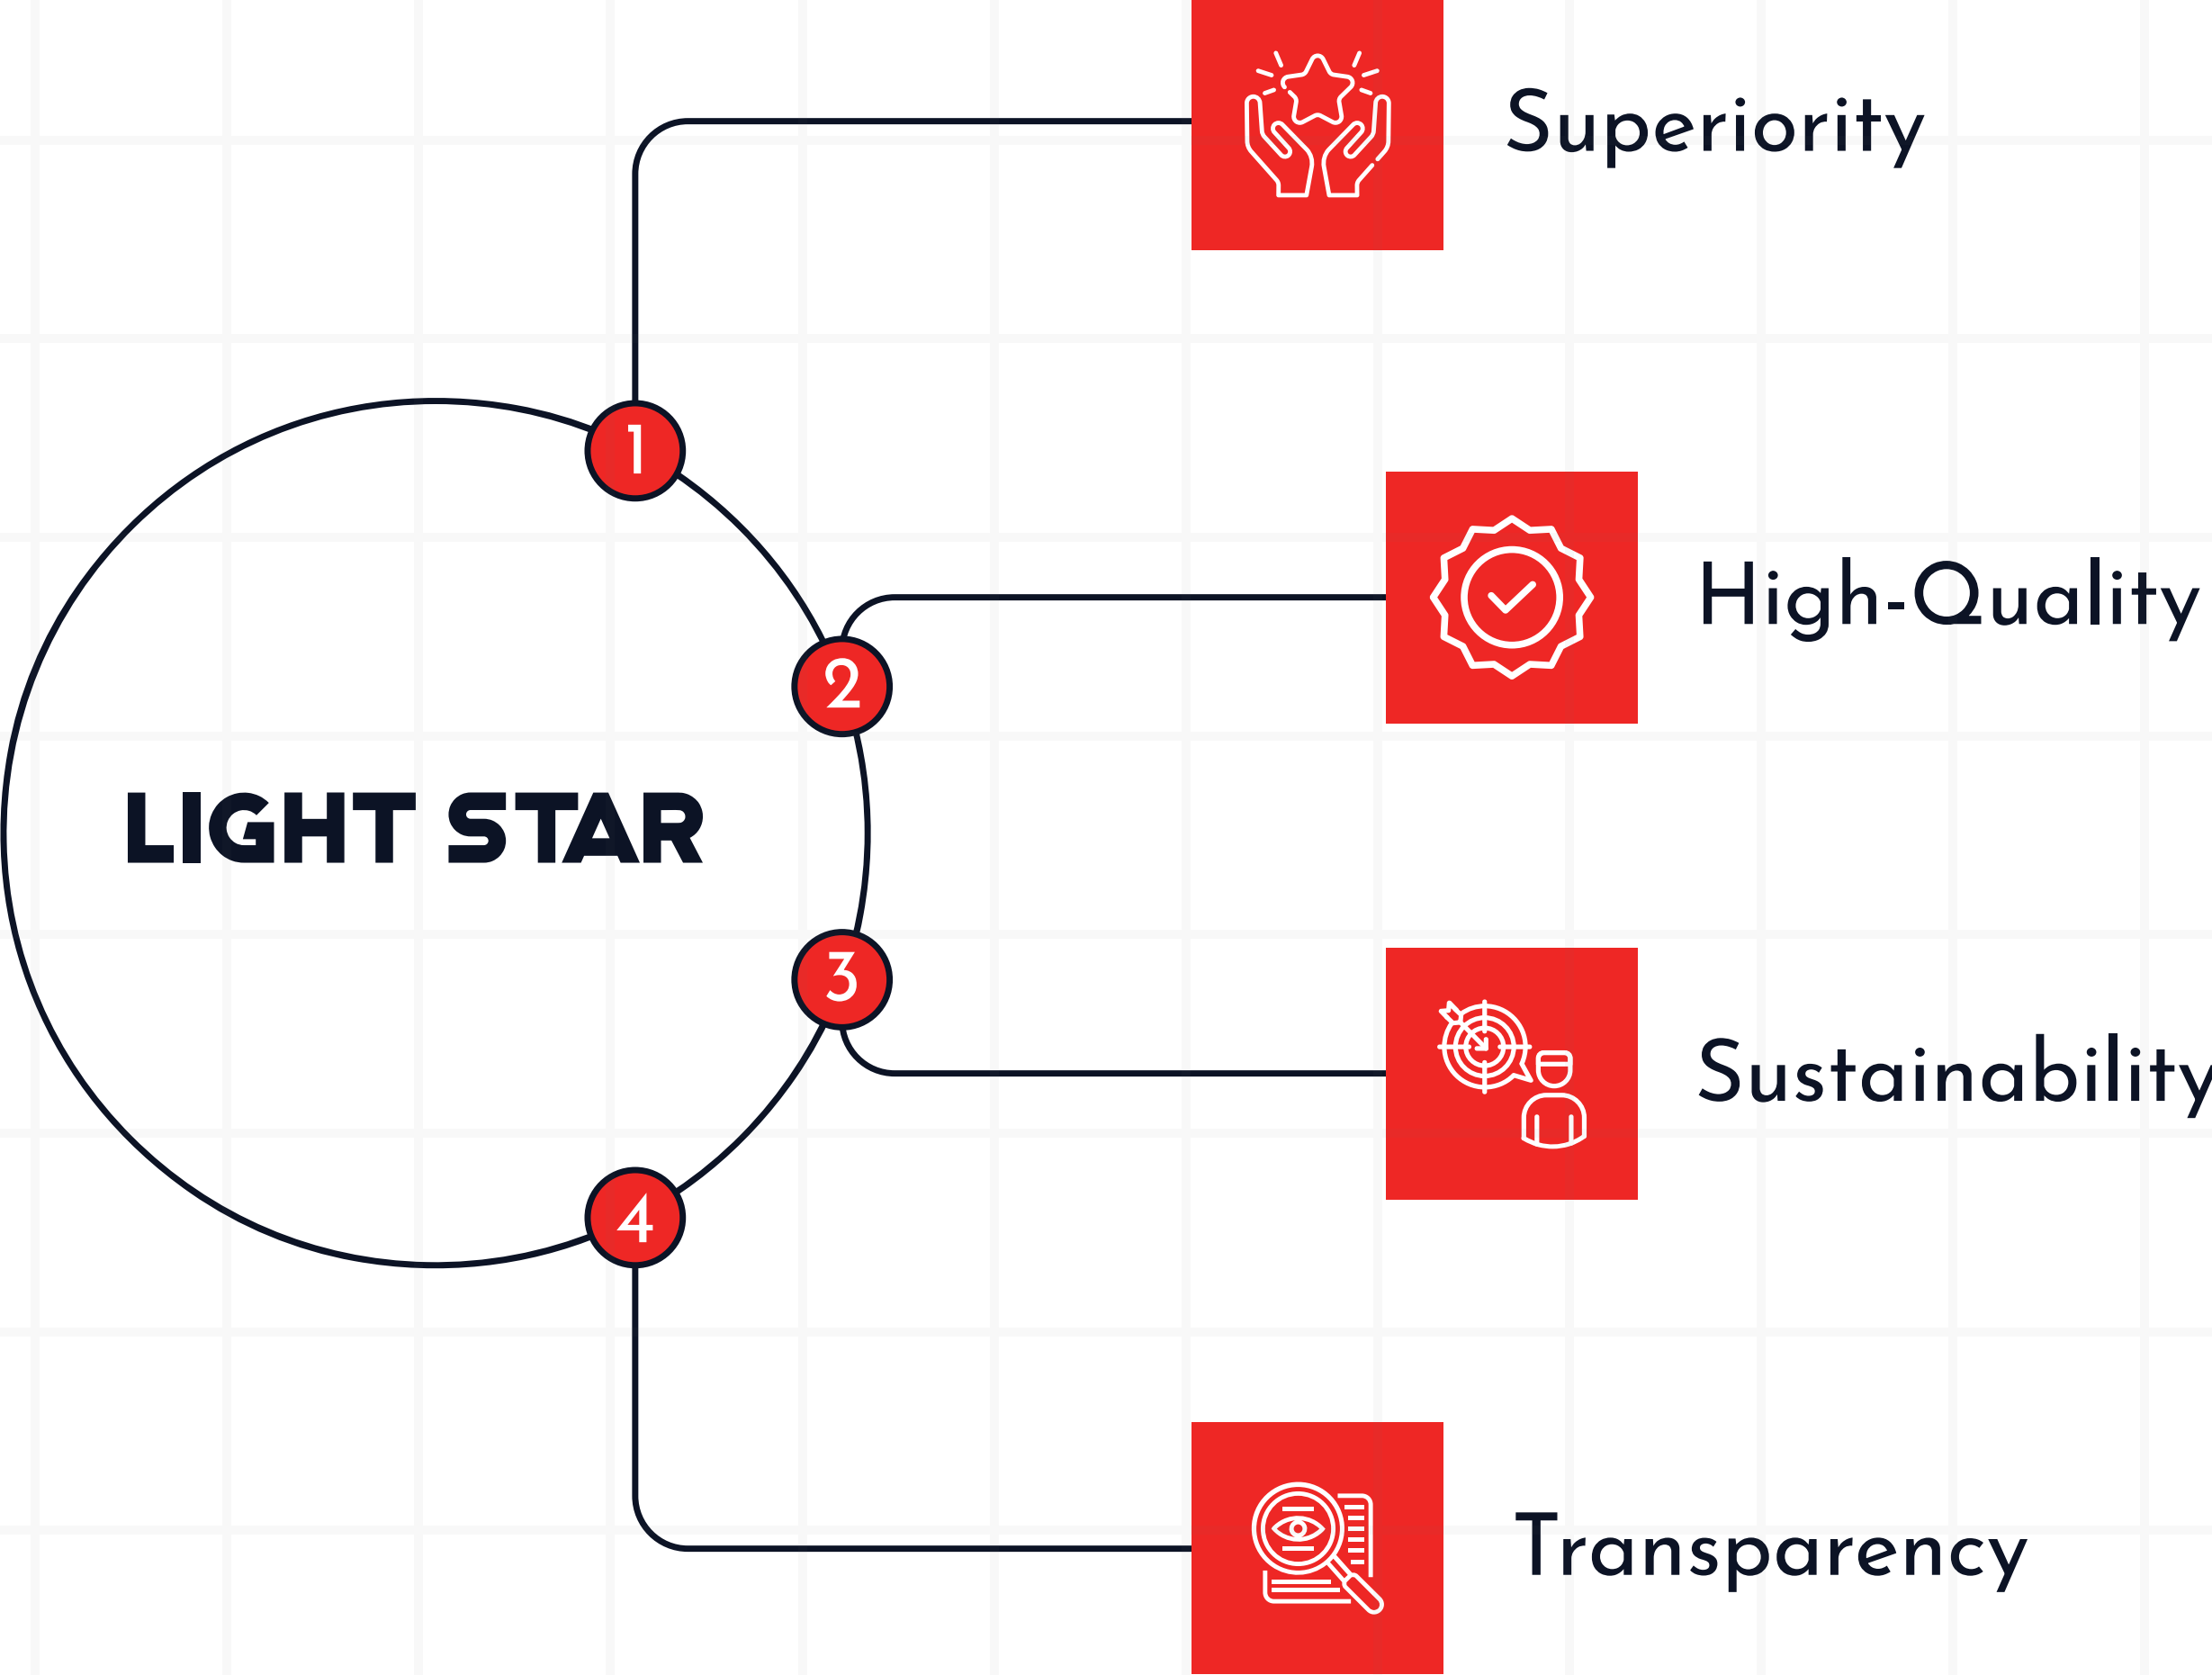

# VISION

We aspire to be **the top provider of Corian and Compact** integrated services, decorations, and materials around the MENA region. Moreover, we strive to present the most advanced materials and outstanding Corian and Compact designs as well.

# MISSION

Our primary Mission is to sustain long-term relationships with our clients based on trust by supplying them with **the best quality of Corian and Compact** and providing them with all types of designs, such as modern, classic, and Italian styles, that are the best choice for each client.

# CORE VALUES

## SERVICES/ PRODUCTS

# Corian

**LIGHT STAR CORIAN** materials, designs, and installations are among the finest in the market as they are consistent, elastic, durable, and diverse, along with being provided by expert teams of designers and engineers with more than 25 years of experience who keep up with the latest designs and colors and offer the best quality to meet all of our customers' requirements and aspirations.

## Corian Overview:

Corian is a lot like marble in appearance, but the Corian distinguishes itself by its elasticity, non-porousness, hygiene and persistence, as it is composed of a blend of natural and chemical ingredients that lend it the durability of stone and its elastic formation.

Corian comes in a variety of colors, up to 105 color, and slabs of various thicknesses, such as:

- The 12 mm thickness is utilized for horizontal surfaces.
- The 6 mm thickness is utilized for vertical cladding.

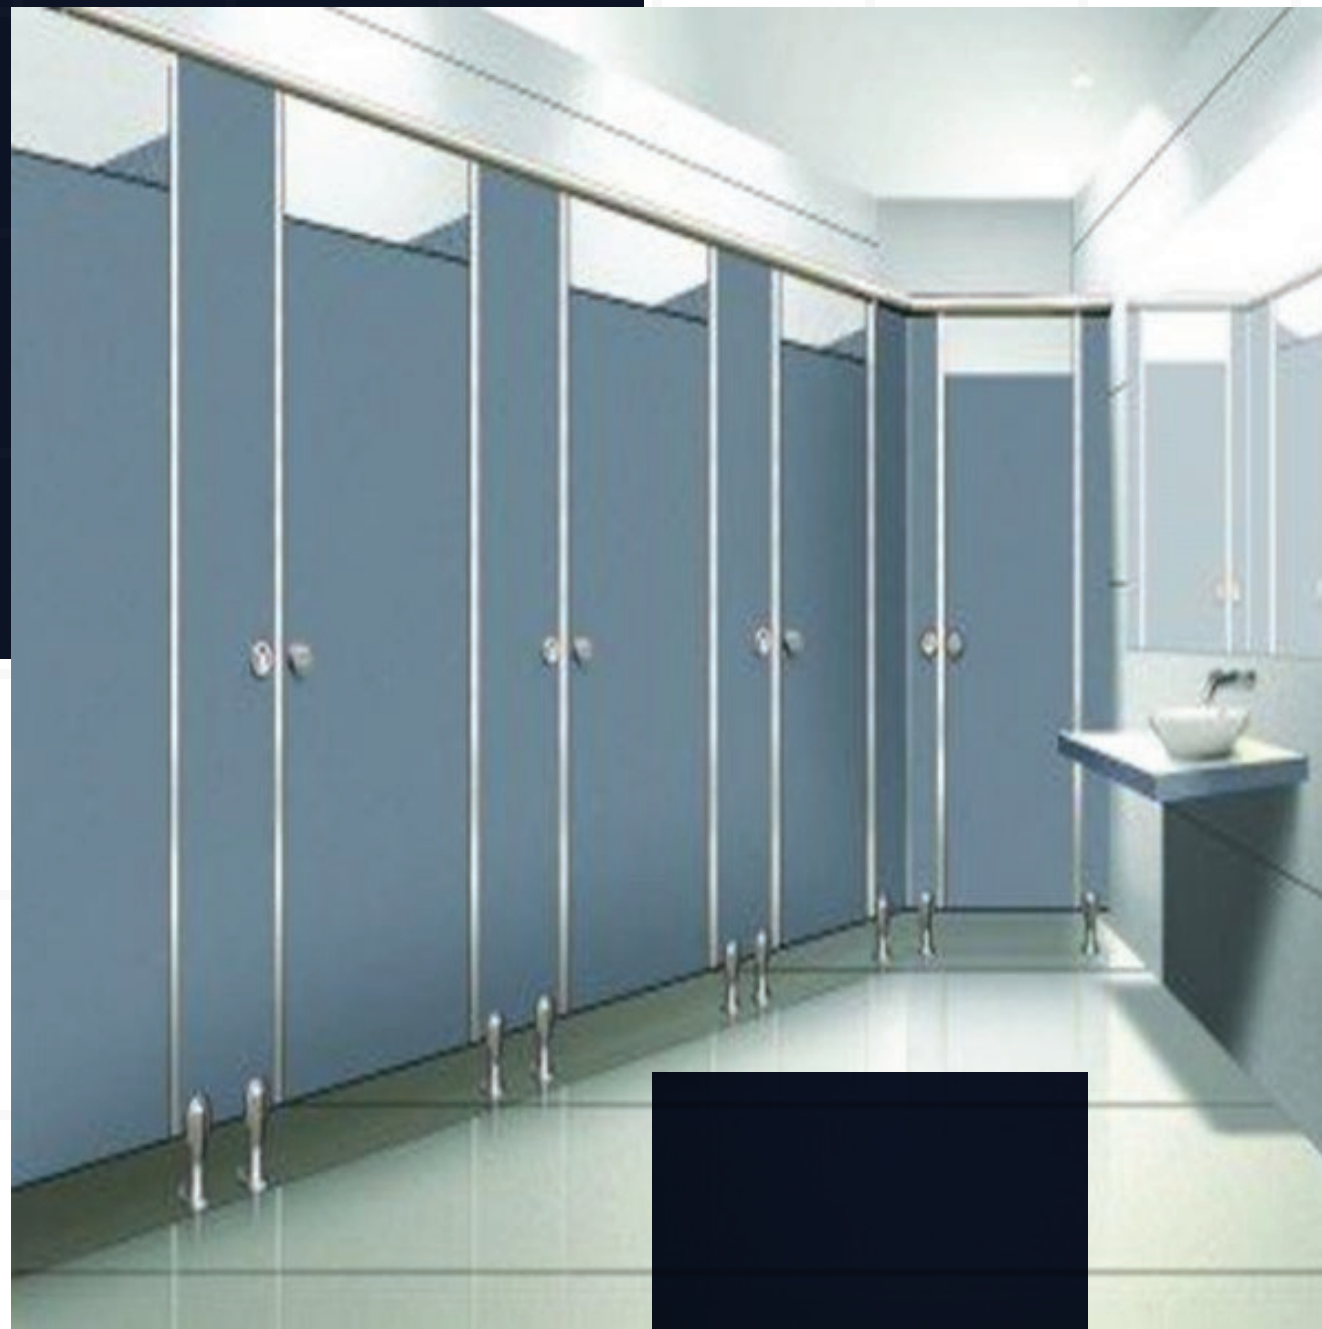

## Corian is the best substance for:

- 01 Kitchen Surfaces
- 02 Bathroom Units
- 03 Reception counters
- 04 Elevator Floors
- 05 Stair Railing
- 06 Dining Tables

## SERVICES/ PRODUCTS

# Compact

**LIGHT STAR COMPACT HPL** is the highest-quality in Egypt due to its shock and extreme temperature tolerance, being not affected by gases or water, and being easy to assemble and reassemble. In addition to its availability in various designs to suit each choice

## Compact HPL Overview:

Compact HPL is a type of fire-resistant plywood consisting of highly compressed Kraft layers with phenolic resin and melamine and covered with titanium layers on its surfaces. The mixture of compact makes it water- and fire-resistant. Subsequently, it is the ideal for table tops, kitchen, laundry room, office desks, etc.

## Compact HPL is the best substance for:

01

Bathroom partitions,  
urinals and doors.

02

Wardrobes, storage  
and closets.

03

Hotels and restaurants'  
accumulators.
